

HonorHealth Teen Programs

The **Summer Teen Volunteer Program** is an 8-week program that provides teens the opportunity to serve their community through volunteering. Volunteers hold valuable positions at our hospitals, providing an extra layer of service to our diverse patients, families and guests.

The application for the Summer Teen Volunteer Program is open and the deadline to apply is Friday, March 27. Opportunities available at all five HonorHealth's medical centers and our Desert Mission Programs. Learn more about the program requirements and how to apply at [honorhealth.com/volunteers](https://www.honorhealth.com/volunteers).

The **Medical Explorers Club** is a monthly meeting for high school students where they learn more about healthcare professions. Meetings are held monthly, September – May. Explorers meet and learn from medical professionals and engage in hands-on medical experiments. Past education sessions include:

- Military Partnership Simulation Center; trauma simulation experience
- Speak with HonorHealth neurosurgeon and dissect goat brains

The application for Medical Explorers is open June 1, 2020 deadline to apply is July 1, 2020 You can learn more at <https://www.medexp.org/>.

Due to the nature of our work, HonorHealth is seeking to partner with teens who are kind, mature, and adaptable. Both programs have limited space and require an application. Consistent attendance is required to remain in our programs. Please carefully consider the required time commitment before completing the application.
